

## Submission and SLDG Award 2007

Call for applications for the Scientific Lung Day Graz Award.

The best scientific submission and presentation will be awarded with the SLDG Prize (€ 5000,-).

The top 6 scientific submissions will be provided with a € 750.- travel award.

The 6 best submissions will be chosen (anonymously) based on the scientific value, innovation and clinical relevance, by the international SLDG panel. These authors will be invited to give an oral presentation in English language during the SLDG on April 28th, 2007, in Graz, Austria. Out of these, the SLDG Prize will be awarded to the winner.

### Conditions

1. The submission must contain original data from scientific laboratory work done in a European laboratory.
2. The submission must not be published, other than in abstract form or as full paper within 2007.
3. Animal studies must conform to the institutional animal care committee and be approved by the respective authorities.
4. Every submission must be accompanied by a € 25,- bank transfer (see Registration). The transfer entitles the author to join the SLDG (free entrance).
5. Each registered participant for the SLDG 2007 may apply for the prize with one submission.

### Format of submission

English language, maximum 300 words. Figures or Tables (4 x 16 cm) count for 90 words. The first author is considered as applicant for the award unless otherwise noted. A technical annex with detailed description of methods and results can be submitted electronically (must be noted on the submission).

### Submission

Before submission, applicants must register (see Registration) for the SLDG. Please send submissions in electronic form to [lung.day@meduni-graz.at](mailto:lung.day@meduni-graz.at) and enclose your full name, telephone number AND postal address.

**Deadline for submission is 28th of February 2007**
