

Universitäres Herzzentrum Graz

Invitation

lecture

„Analysis of ventricular function by
pressure-volume relations obtained by
conductance catheter“

Speaker: **Paul Steendijk, PhD**
Associate Professor Cardiovascular Physiology
Dept Cardiology,
Leiden University Medical Center

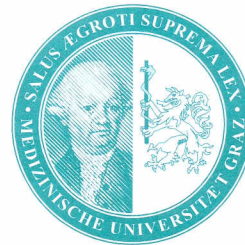

Date: Thursday, January 26th 3pm
Place: lecture hall E02 / University Hospital for
Internal Medicine

Following the lecture a buffet will be served at the foyer.

Prof. B. Pieske
Head, Division of Cardiology

ass. Prof. D. von Lewinski
Training responsible person
